Date: January 5, 2012  
To: MAA Members  
From: Matt Stuck  
Chairman, MAA Safety Committee  
Re: MAA Safety Awards

The Safety Award Program is MAA's way to recognize members that encourage and promote a safe work environment. The application/survey is attached. This simple form will only take a few minutes to complete and will provide the association with some valuable information for tracking our safety record.

Safety Award plaques will be presented at our **Annual Meeting to be held at the Kalamazoo Radisson, on April 18**. The members of the Safety Committee encourage you to complete and submit the application/survey to the MAA office by **February 15**.

Help us recognize our industry's commitment to safety by participating in the MAA's Safety Award Program. If you have any questions call the MAA office at (517)381-1732.

## SAFETY AWARD FORM FOR OPERATIONS IN 2011

Company: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Phone: \_\_\_\_\_ Fax: \_\_\_\_\_

E-mail: \_\_\_\_\_

1. In the space below, please list all separate plants operational in 2011 including the total number of hours worked for the year (a), did they have any lost time injuries involving days away from work (b), and how many months since that site's last lost time injury. Please print all information and use a separate sheet if necessary. **Even if you had lost time injuries, please fill out this form. MAA uses this information to compile statewide frequency rates.**

Plant Name	Location	Superintendent	Total Personnel Hours Worked In 2011 (a)	Number of Lost Time Injuries for 2011 (b)	Months Since Last Lost Time Injury

- (a) Indicate personnel hours, not plant operating hours, for aggregate processing plants of all types and all aggregate plant supporting activities in the immediate vicinity, such as offices, maintenance shops and quality control facilities. **Do not** include such activities as concrete and bituminous plants, block plants, etc.
- (b) Lost-time accidents and workdays charged are those prescribed by MSHA regulations.

2. Comments or recommendations how MAA can help in your safety and health activities.
